成果報告 Achievement Report 以下の内容を日本語か英語で記載して下さい。 Please describe the following in Japanese or English.	<p>My research addresses US foreign policy and international political economy. Most recently, my work has focused on China's development finance initiatives, such as the AIIB and the BRI, as well as the Western response. I am interested in how China's interventions have impacted the global aid regime and, more generally, the liberal international order. I am currently preparing a book on this topic.</p> <p>Taking advantage of my visit to KGU, I asked Professor Miyake Yasuyuki, who is quite familiar with international political economy and China's foreign relations, to serve as my academic host as well as joint researcher of above-mentioned topic. Fortunately, Professor Miyake undertook the role willingly.</p> <p>During my stay at KGU, Professor Miyake and I exchanged views one-on-one about our respective areas of expertise, including Professor Miyake's work on China's historical search for diplomatic recognition in the post-World War II period. Professor Miyake also arranged a one-hour meeting with faculty members whose areas of interest intersected with my own in which I presented my findings on this topic and received helpful feedback.</p> <p>Besides, I spoke to Professor Miyake's course on Modern Chinese History on the topic of US-China relations. The students asked many good questions, both orally and in written form, which I did my best to answer.</p> <p>In sum, I could obtain many insightful comments on my topic through this joint research and I deeply appreciate for the cooperation of KGU faculty and staff.</p>
