MC

Welcome to the debate. Today's question is "Should students at our school wear uniforms?" Amy, what do you think?

Amy

I think we should wear school uniforms. I have two reasons for this.

First, school uniforms are a part of Japanese culture. Many western countries, like America or Canada, do not have that culture. But for countries in Asia, like Japan and India, school uniforms are a part of history. We should not forget our traditions.

Second, we don't have to spend time choosing our clothes. If we don't have school uniforms, students will take too much time in the morning deciding what to wear. They will be late for school.

MC

Thank you very much Amy. Now, let's hear another opinion. John, what do you think?

John

I think we should not wear school uniforms. There are two reasons for this.

The first reason is that the design of the uniform is not good. Please look at this picture of our winter uniform. At our school, girls must wear skirts, and they cannot wear long socks. So, girls feel very cold during winter.

The second reason is that the school uniforms cost a lot of money. Students have to spend ¥10,000 for their summer uniform, and ¥20,000 for their winter uniform. They also need to buy 2 sets of school uniforms for P.E. Each set costs ¥4,000. This is a lot of money.

MC

Thank you John.
