*リスニングテストは試験開始20分後に開始します。

リスニングテストの前に、あらかじめ問題用紙その4、大問VIの質問と選択肢に目を通しておいてください。

I. 次の英文を読み、あとの設問に答えなさい。

There was a poor boy who was going through some bad times. The boy wanted to study but had no [A] from his family. He started to sell many things from door to door. In this way, he *earned money to pay for his school. But selling things is not an easy [B].

One day, while the boy was walking from house to house as usual, he felt very hungry and weak. He felt that he couldn't walk even a few steps. He had only some coins in his pocket but he decided to ask for a meal at the next house. When he knocked at the [C], a beautiful young girl came out and he felt nervous. So, 1) instead, he just asked for a glass of water.

The girl thought the boy was very tired, so she (ア. bring) him a large glass of milk. The boy was very surprised, but he drank the milk slowly. Then he felt much better. The boy asked her, "How much 2) do / pay / have / for the milk / you / I / to?" The girl answered, "You don't need to pay me anything. My parents have (イ. teach) me never to *accept any money for an *act of *kindness." Then the boy thanked her from the bottom of his [D]. He said to himself, "I will never forget this experience."

Many years passed by. The young girl grew up and became a lady. Suddenly, she became very ill. Local doctors didn't know the reason for her disease. She was sent to a big hospital in the city. The doctors there found that her [E] was very serious, but they didn't know how to *treat it. Finally, Howard Kelly, a famous doctor, was called in by the hospital to *examine the patient.

When Dr. Kelly first saw the lady on the bed and (ウ. hear) about the town she came (1), he knew who she was at once. He started doing everything he could to save the lady's life. Even with his special experience, Dr. Kelly found that it was very hard to treat the lady's disease. However, with his hard work that lasted for months, he was finally able to get the disease (2) control. Because of his care, the lady got better and was saved (3) last. Everyone *praised the doctor, but the lady was quite worried (4) how much she had to pay the hospital. Her family only had a little money in the bank.

The patient was finally given the *bill. She was *scared to look at the bill, because she knew it would take the rest of her life to pay for the expensive *treatment. But when she finally opened the bill, she saw something (エ. write) on the side. "*Paid in full with one glass of あ." It was *signed by Dr. Howard Kelly.

*earn 稼ぐ *accept 受け取る *act 行為 *kindness 親切 *treat 治療する *examine 診察する
*praise 賞賛する *bill 請求書 *scared おびえた *treatment 治療 *paid 支払われた *sign 署名する

1. [A]～[E]に入る最も適切なものを a)～f)から選び、記号で答えなさい。ただし、同じ語は1度しか使えません。

8) Dr. Kelly helped the poor boy who felt that he couldn't walk even a few steps.

2020年度 関西学院高等部 入学試験 英語 問題用紙 その2

II. 次の英文を読み、あとの設問に答えなさい。

“What can you do with bamboo?” That’s not a good question. A better question is, “What can’t you do with bamboo?” Bamboo is well known (1) us. There are 350 different kinds of bamboo. Almost all of them grow in Asia. A few, though, are found in America.

Bamboo comes in handy for all kinds of things. It can be cut up and (ア. eat). It can be used to make baskets or paper. Some people make mats, chair seats, curtains, and *chopsticks (2) it.

Bamboo is the most (イ. amaze), though, when it is used for building houses. It is much stronger than wood, *concrete, or *steel. If you don’t believe 1) that, think about the story in Costa Rica.

In April 1991, there was a big earthquake in Costa Rica. One area was (ウ. hit) hard. Houses and hotels broke down like *piles of matchsticks. There were mountains of concrete (エ. lie) everywhere. Twenty homes stood in the center of the broken stones. They were made (3) bamboo. Not even one was broken and people were surprised (4) the scene.

It’s hard to understand why bamboo is very strong. Actually, the reason is its shape. Cut the bamboo, and you can find that it is a *tube. A tube is a very strong shape, so the *column will not *bend.

(I); it’s also cheap. The houses of Costa Rica were built (5) about \$4,500 each. That is because bamboo itself is very cheap. For one thing, it grows fast. Some bamboo can grow up to almost one meter in a day! So, bamboo can be cut down and used after only one year.

Using bamboo is also simple. This is because 2) bamboo is light enough to be carried by workers. So, they don’t need any machines or heavy trucks.

(あ), bamboo has some bad points. It (オ. burn) easily and quickly. The danger of fire means that bamboo should not be used for big buildings. Water is also bad news because *wet bamboo becomes weaker. Bamboo houses cannot be built in areas with heavy rain. 3) A final problem is how to put bamboo together. In the past, people *tied it together with rope or wire. Today, builders have a new way. They *stick pieces of wood to the ends of bamboo *poles. Then, they *nail the pieces of wood together.

Now, engineers are continuing to study bamboo and how to use it. They have learned it is very strong and very kind to our earth. It is true that (II). But in the right place, for the right use, using bamboo to make something is very smart.

*chopsticks 箸 *concrete コンクリート *steel 鉄 *piles of matchsticks マッチ棒の山 *tube チューブ (筒状のもの)
 *column 柱 *bend 曲がる *wet 湿った *tie 縛る *stick 固定する、くっつける *pole 竿、棒、柱 *nail 釘付けする

1. (1)～(5)に入る最も適切なものを a)～e)から選び、記号で答えなさい。ただし、同じ語は1度しか使えません。
 a) of b) for c) to d) at e) with
2. (ア)～(オ)の語を、必要があれば適切な形に直しなさい。
3. 下線部 1)が指すものを日本語で答えなさい。
