As a general rule, enter data at the department level for schools, and the major level for the graduate schools.

For professional colleges that divide their courses into first and second semesters and admit students with their own quotas, please further divide the relevant departments into first and second semesters.

Colored cells contain formulas and need not be completed.

Prepare the data for "Type of Entrance Exam" in accordance with present conditions at the university (fields that are not applicable can be deleted in the table; alternatively, new fields may be added). However, please be careful not to include too many types.

If there are multiple admission periods per year, such as a fall semester admission, please indicate so in the "Fall Entrance Exam" field. If this column is used, please enter only information on entrance examinations that have been conducted as of the date of preparation (May 1, the year before the university evaluation was conducted), as determined by the JSA.

If the intake capacity is limited to several students, enter [0].

Include the University Examination Center Exam under the "General Entrance Exam" field. However, there is no need to enter transfer admissions exams.

Do not include exchange students as part of the international student enrollment.

For "A/B", "Ratio of AY Enrollees to Total Department Enrollees (%)", and "Ratio of AY Enrollees to Total College Enrollees (%)" columns, round decimal numbers to two decimal places.

For law schools that do not conduct entrance examinations based on master's having been completed or not, list both as one group.
