

The problem of knowledge in Durkheim's theory

ABSTRACT

W. S. F. Pickerling, author of Durkheim's *Sociology of Religion*, explores in his recent article the problem of the knowledge of sociology in Durkheim. This problem has been discussed by G. Namer in his 1977 article. But the latter was now taken in consideration by Pickerling. In assessing Pickerling, Namer's article should be examined.

Key Words: Theory of knowledge in Durkheimian Sociology,
W. S. F. Pickerling's Proposition, G. Namer's Interpretation.
